SPRUCE - All-Purpose Cleaner

Spruce is made from environmentally sustainable ingredients and has been awarded the Good Environmental Choice Licence. It is an all-purpose cleaner that rapidly penetrates and removes light to medium soil loads from all washable hard surfaces. Spruce can be applied in a number of different ways including mopping, auto-scrubbing and spray bottle.

VERI-CLEAN - Heavy Duty Detergent

Agar is adding to its environmentally preferable range with VERI-CLEAN, a heavy duty detergent degreaser. This product has met all of the criteria for Good Environmental Choice Australia (GECA) accreditation process. GECA manages the Australian Eco label Program, a national life cycle based eco-labelling program aimed at providing credible product environmental information for sustainable consumption.

VERI-CLEAN has been designed to rip into oil and dirt, lifting it away from the

surface. The dirt is then suspended and won't redeposit back onto the cleaned area. The product is easily rinsed away to leave a clean sparkling surface.

pH-7 - Neutral Detergent

ph-7 is another sustainable Agar product that has been awarded the Good Environmental Choice Licence. It is a neutral detergent which effectively cleans all types of floors as well as other resilient surfaces. It will easily remove all soil and spillages including foodstuffs, drinks, cooking oil and general traffic dirt from all-type of floors and other surfaces. It is applied with a mop and can be used in light and heavy duty cleaning

FRESCO - Washroom Cleaner

FRESCO is an all-purpose washroom cleaner. Used neat, it is a forceful cleaner of toilets, urinals and showers. Diluted, it is ideal for washroom floors, walls, basins and fixtures. In any case, FRESCO's lime oils deodorise the washroom and leave a fresh lingering fragrance.

VERI-CLEAN - Heavy Duty Detergent

Agar is adding to its environmentally preferable range with VERI-CLEAN, a heavy duty detergent degreaser. This product has met all of the criteria for Good Environmental Choice Australia (GECA) accreditation process. GECA manages the Australian Eco label Program, a national life cycle based eco-labelling program aimed at providing credible product environmental information for sustainable consumption.

VERI-CLEAN has been designed to rip into oil and dirt, lifting it away from the surface. The dirt is then suspended and won't redeposit back onto the cleaned area. The product is easily rinsed away to leave a clean sparkling surface.

SEQUAL - Toilet and Urinal Cleaner

SEQUAL has been specially formulated to be environmentally preferable and has been awarded the Good Environmental Choice Licence. It is a powerful cleaner for toilets and urinals which clings to vertical surfaces, extending exposure time for a cleaner result.
